Comeback Trail

Seen @ Mirrabooka Tuesday afternoon: **Mike Howell** (WA), a great supporter of squash and well known in the fraternity. Except for a horrific accident in April, he would have entered the Tournament. He was in intensive care for 7 weeks with multiple fractures to his right leg, chest, right arm and also suffered severe head injuries. He has made an amazing recovery so far from coma to crutches. He faces further surgery in the next few months to improve his breathing and vision. Our best wishes go to him for further improvements to

his health. We look forward to seeing him on the squash courts again.....

Congratulations to all the Individual trophy winners last week and to our guest MC Dean Williams; a former world #2 ranked squash player from WA and one of the few to take a game off Ja-hangir Khan in his prime back in the mid eighties. Unfortunately our oldest Champion Alan Appelbee (O/80) couldn't there as he was looking after his sick wife. However, it was great to see local boy Chas Renner (79 yrs young) collect the O/75 Champions trophy.

NT Masters 2008

Time to put the jumpers away and dust off your bathers.

The NTMSA will be holding the Australian Masters Squash Champions in Darwin from 1st-12th September 2008.

Your accommodation needs can be organized through the NT Tourist Commission.
