Wrinkly's Review

Lisa Barnes and Sandra Heeney, two of WA's Bond girls @ Tuesday's Dinner & Dance @ The Italian Club:

If you missed it, you missed a great night...but a few amateur photographers did video the different skits put on. Lisa is trying to get a complete record of all the various performances: to be available for all states.

.....part of the "Fairy Queen" script:

.....I cast a spell at squash one day

On Brian Cook to help him play

He's won a World Champ trophy and Australian title too

So you see with my fairy magic just what I can do

Nobody loves a fairy when she's seventy

Nobody loves a fairy when she's old

At squash it's even harder and my body I can't stretch

My magic does not work for me, my legs I just can't fetch

When muscles are not working and no power

And your volleys they have faded in the blue

You stand there with your racket but that drop shot you can't whack it

In Perth I thought I'll get a call

To use my magic on Queensland balls

But now I'm old they doubt my skill at ball control and spells

The teams will have to make their luck and ensure that they do well...

Whatever you do, don't miss out on 2 weeks of lovely weather, catching up with "old" friends and hopefully, some great squash in between.
